March 15, 2020

Good Afternoon American Gymnastics Families,

We understand you have been overwhelmed with information about what everyone is doing to combat COVID-19. While we take great pride in the cleanliness of our facility and are currently taking extra precautionary measures we have made the very difficult decision to close temporarily. This will include all open gyms, Flipouts, classes, team practices, birthday parties, field trips, etc. We will be taking things week by week and constantly re-evaluating the situation. When changes are made we will update our membership via e-mail and Facebook.

At this time we are requesting our families remain enrolled and bear with us while we navigate this difficult situation. We are a small family owned business and we rely on servicing customers like you. We promise to make things right for everyone involved and get you the gymnastics you've paid for. We will open up additional options for making up classes and we will do everything we can to accommodate our families when we are able to re-open.

The leadership team at American Gymnastics would like to personally thank each and every one of you for not only your business, but your patience and kindness while this situation has been unfolding. This is uncharted territory for everyone, but we will get through it together.
