

Reopening Protocol

Staff will have their temperature taken and answer COVID 19 and health related questions.

Staff will wear masks at all times. If close contact is required a face shield will be added.

Staff will wash hands/sanitize frequently.

Staff will limit physical contact. Safety will always be our #1 priority and staff will always step in to help athletes in danger.

Staff will assist with screening athletes, disinfecting, and enforcing gym policies.

Facility has been remodeled, prepped and fully sanitized to prepare for reopening. Changes will continue to be made to ensure the best experience for everyone.

Socially distant screening checkpoint and sanitizing prior to entering the facility. Masks Required.

Signs indicating not to enter if you have symptoms, requiring masks, and the steps to prevent the spread of germs.

Designated entry/exit doors. Doors propped throughout the facility.

Power exhaust ventilation circulating air out of the building.

Water fountains closed. Please bring a labeled water bottle, touchless refill will be available.

Bathrooms are equipped with touchless lights, antibacterial soap dispensers, touchless hand dryers, and signs reminding to wash your hands.

6 additional sanitizing stations have been added to our common areas.

Plexiglass shields at the reception desk.

Loose foam pit will not be used by recreational athletes until we have been moved to phase 5.

Rigorous daily cleaning schedule including frequent disinfecting of high traffic areas.

Thorough digital attendance records will be kept.

Frequent hand sanitizing/washing will be required. Before entry and between rotations minimally.

Drop off is highly encouraged. Viewing spaces are labeled for social distancing and very limited. If you need to enter the building for any reason screening is required and please limit to one adult per family and no additional siblings.

Very reduced and staggered schedule to ensure capacity restrictions are maintained and traffic flow is reduced.
